I am Thankful to my CMA Guru - Abdul Nasar Sir for giving that ambience, knowledge, motivation, and all required support ..

Without Infinity classes, it wouldn't be possible to pass CMA Examination... 😊👍

Vikram

I strongly recommend those who pursue CMA.. Surely you will enjoy the atmosphere and way of teaching.. I can see some of comment below... You cant attain any professional certificate simply attending the class.. You should be dedicated and handwork. As far as i had great experience and Nasser sir is teaching from his heart.
